OFFICE OF LEGISLATIVE COUNSEL

Monday - 19 April 1965

STAT 1. [] Met with Mr. John Martiny, Counsel, House Post Office and Civil Service Committee, who advised that the Manpower Subcommittee is studying the question of Federal employees in occupations such as aircraft controller who need replacement in their duties at age fifty or so. Present considerations of the House Committee do not consider early retirement as a solution to the problem. They look rather to reassignment within an Agency, re-training within the Agency, and preferential treatment in other Federal employment.

STAT 2. [] Delivered to Jay Sourwine, Senate Internal Security Subcommittee staff, the [] translation of the Andrew M. George article which appeared in the magazine Life en Espanol.
